The EagleBank Forgiveness Application Process follows six steps. This document will provide you with information on how to complete each step to complete your Forgiveness Application using EagleBank’s online portal.

### 1 Prepare you Application

Your first step is to determine which Forgiveness application you should use for your PPP loan. At the end of this document is a decision tree entitled “Which Forgiveness application should I use?” to assist you with determining which Forgiveness application is best suited to your situation. This document will provide instructions for completing the online SBA Form 3508 via EagleBank’s Online PPP Portal.

**EagleBank highly recommends that you download the most up-to-date Paycheck Protection Program SBA Form 3508 Forgiveness Application and Instructions, as the SBA makes periodic updates to these documents.**

The link to the SBA website is: <https://www.sba.gov/funding-programs/loans/coronavirus-relief-options/paycheck-protection-program>

The SBA requires a borrower using the SBA Form 3508 to complete the PPP Schedule A and PPP Schedule A Worksheet and to provide these documents when submitting their application. These forms are not provided through EagleBank’s Online PPP Portal. You must download these forms from the SBA’s website. These documents will provide you with the information you will need to complete your Paycheck Protection Loan Forgiveness Application via the EagleBank online portal.

Prior to logging into the Online PPP Portal, complete the PPP Schedule A and PPP Schedule A Worksheet following the instructions on the SBA Form 3508 you have downloaded from the SBA’s website.

## 2 Log into the EagleBank Portal

EagleBank is accepting PPP Forgiveness Applications via its online portal. To log into the portal you will need the following three pieces of information:

Of Note: You will receive a system generated email stating that you need to upload supporting documents.

#### 4 Upload Your Supporting Documentation

After completing your forgiveness application, you will need to upload your supporting documentation. Your application is not considered 'complete' until all required supporting documentation has been provided.

The SBA's requirements for documents that each borrower must submit with a SBA Form 3508 are denoted on page 7 in the SBA's Paycheck Protection Program PPP Loan Forgiveness Application Form 3508 (revised January 19, 2021).

The portal provides you an easy way to upload your supporting documents into folders associated with the different documentation required. Please note, if you did not claim an expense for a specific folder, you do not need to provide documentation for that folder (for example, if you did not claim utility expenses, no documentation is required).

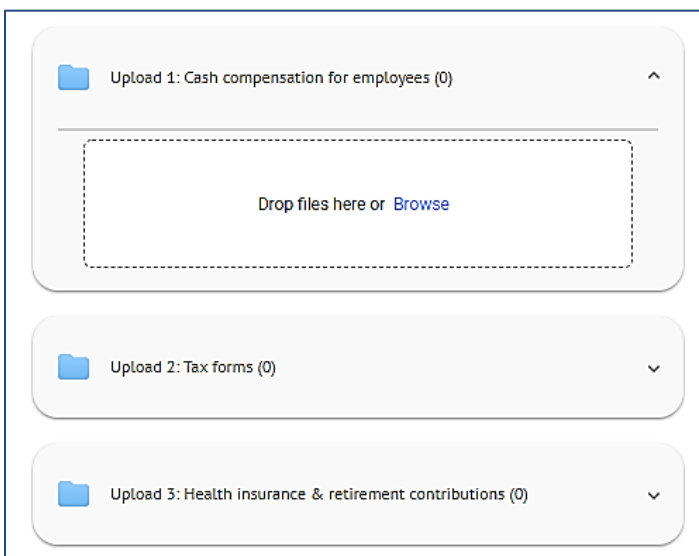

To upload supporting documentation, click the down arrow in the associated folder.

The folder will expand. Click on the 'Browse files' button to select your document.

Please note, the SBA:

- has a size limit of 35MB per document.
- accepts the following file types: pdf, xls, xlsx, csv, doc, docx, jpg, jpeg, and png.

## 5 Submit your Application

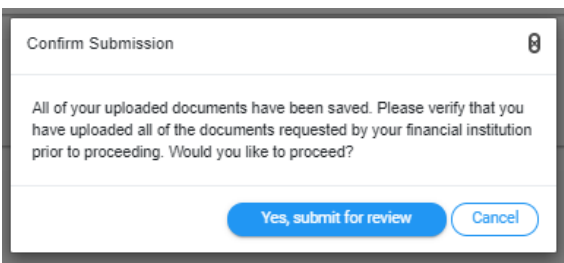

Once you have uploaded all of your supporting documents, scroll down to the bottom of the page.

You have the option to go 'Back' to the application should you wish to make any adjustments to the application, close your browser and come back to this page at a later date or 'Submit' the application to the Bank for review.

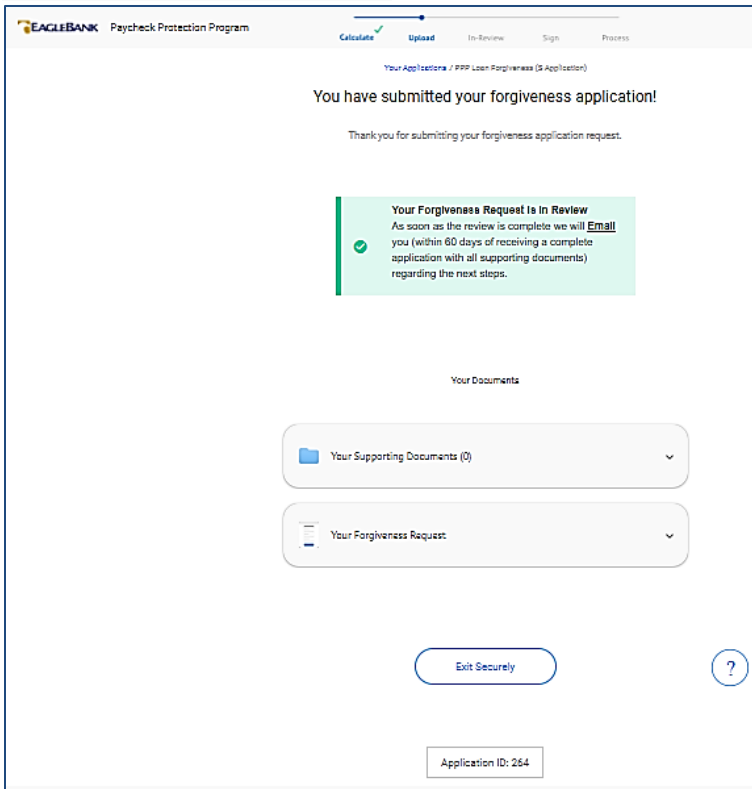

Click the 'Submit for Review' button to submit your application to the Bank for review.

Click the button, 'Yes, submit for review' if you wish to submit your application to the Bank or click the 'Cancel' button if you wish to return to your application.

The portal will present a confirmation page. The Bank will begin the review of your application and will reach out to you should we have any questions. Please note, the Bank has 60 days to complete the review of your forgiveness application.

The screenshot shows the EagleBank Paycheck Protection Program application submission confirmation page. At the top, there is a navigation bar with 'Calculate', 'Upload', 'In-Review', 'Sign', and 'Process' buttons. Below the navigation bar, the page title is 'Your Applications / PPP Loan Forgiveness (\$ Application)'. The main heading is 'You have submitted your forgiveness application!' followed by a thank you message: 'Thank you for submitting your forgiveness application request.' A green callout box contains the text: 'Your Forgiveness Request Is In Review. As soon as the review is complete we will Email you (within 60 days of receiving a complete application with all supporting documents) regarding the next steps.' Below this, there is a section titled 'Your Documents' with two document entries: 'Your Supporting Documents (0)' and 'Your Forgiveness Request'. At the bottom, there is an 'Exit Securely' button, a help icon (question mark), and an 'Application ID: 264' field.

## 6 eSign your Application

Once the Bank has successfully reviewed your forgiveness application, you will receive two emails to initiate the Document Signing process.

1. The first email will inform you of your Authentication Code to eSign your application.
2. The second email will provide a link for you to review and eSign your documents via DocuSign.

The screenshot shows an email from EagleBank with the subject 'Paycheck Protection Program Loan Documents: Security Code'. The sender is 'PPP QA 27 <shared@ngtdev.com>' and the recipient is 'to me'. The email content includes the EagleBank logo and the text: 'You will shortly be receiving documents via email to e-sign in connection with your application for a PPP Loan Forgiveness. For your protection, these documents are protected by a security code which is the last 4 digits of your social security number.' The email concludes with 'Thank you. The YOUR\_BANK Team'.

The end of the DocuSign process has an **optional** Borrower Demographic Information sheet. This information is being requested by the SBA and will be included in the document package, but is not required.

After you eSign the forgiveness application, the Bank will counter eSign and then submit your forgiveness application to the SBA.

The SBA has 90 days to review your application. We will notify you once the SBA renders a decision regarding your forgiveness application.
