

Your Success is Our Success

Since we opened our doors in 1998, EagleBank has been committed to building quality customer relationships by providing financial expertise combined with superior service. By listening to customers' needs, understanding their businesses and responding quickly, we have enabled them to grow and achieve success.

A local bank with local management and local decision making can respond more quickly

when a business needs to take advantage of an opportunity ahead of the competition. Our customers know that it takes financial strength and the power of a local banking relationship to help run and grow a business.

And when our customers grow and succeed, so do we. In fact, EagleBank is now a \$2-billion bank, thanks to you. Another measure of our Bank's growth is our legal lending limit, the amount we can lend on a single loan. It has increased to nearly \$28 million.

Our loan portfolio increased 16% since a year ago, during a time when many other banks were hunkering down. EagleBank, on the other hand, continues to lend. Recently, the *Washington Business Journal* ranked EagleBank as the area's #1 bank in providing new loans for the six months ending March 31, 2010. Not only are we top-ranked overall, but the article went on to recognize EagleBank as the #1 bank during that period for new real estate loans and the #1 bank for new business (commercial and industrial) loans.

One year ago, our Residential Mortgage Lending Department was comprised of eight great employees. Today, it is over 30 employees strong. In September, borrowers applied for over \$140 million in new mortgages. Rates are at historic lows, and it is definitely a good time to buy or refinance. Customers value our experienced mortgage lenders and their desire to help build a full banking relationship.

We also have added Eagle Insurance Services, a licensed insurance agency. EagleBank has teamed with The Meltzer Group, a best-in-class local insurance agency, to serve your insurance needs. The Meltzer Group is offering EagleBank customers a free analysis of their business and personal insurance. All major lines of business insurance, including Life and Disability, Group Benefits, Property and Casualty, and Liability are available.

Our relationship with our customers is about providing the best possible financial solutions and serving our community, together, to build a better place in which to live, work and play.

We thank you for helping us build a strong capital base over the last 12+ years. Both EagleBank and its holding company, Eagle Bancorp, continue to exceed standards for safety and soundness. This solid foundation has given great comfort to our customers, shareholders and employees.

Let's keep growing together.

Taste of Bethesda

EagleBank employees once again signed up to sell food tickets and do the banking for the annual "Taste of Bethesda" event. It is sponsored by Bethesda Urban Partners and the Greater Bethesda-Chevy Chase Chamber of Commerce. As usual, it was another beautiful Fall day and it seemed that all of Bethesda and more turned out for some great food and fun.

Malware...Be Aware...It's Everywhere!

"Malware" is short for malicious software, a catch-all term referring to hostile, intrusive or annoying software or program code—aka computer viruses that get into your computer when you innocently click on something from a perfectly legitimate site. IT professionals warn that malware links are just two clicks away on the top 1,000 websites. For instance, if you go to CNN, NBC and other well known, professional sites and click on a link from their site, you have no way of knowing where you might be directed or misdirected, or if it contains malware. Links on message boards and forums, game sites, blogs, and social networking sites like LinkedIn and Facebook are even more likely to contain some form of malware.

What can you do? Limit your use of links. You are better off visiting sites directly...not from links on other pages. Verify the link through an engine like Google or Yahoo. Most links will display a site address. Use your internet "favorites" option to save good links. Keep these cautious tips in mind as you contemplate clicking on a link in the future.

Proud to Have Served!

EagleBank is proud to have been instrumental in launching and growing the EagleBank Bowl over the last two years. Success and growth to nationwide prominence now warrants a national sponsor that can provide a greater national presence. While EagleBank will step back, it will only be a tiny step. Our Bank will remain involved and dedicated to this event and raising funds to support the families and needs of our military heroes. This year's event, renamed The Military Bowl and sponsored by Northrop Grumman, will be played on December 29th at RFK stadium in Washington, DC.

EagleBank Foundation Raises Over \$265,000 for Breast Cancer Cause

Another gorgeous Columbus Day and another successful golf tournament is behind us. The EagleBank Foundation raised over \$265,000 for breast cancer research, education and treatment at its 6th annual golf tournament on October 11th. Donations will be given to local hospitals' breast cancer units. Plans for next year's tournament are already underway. Thanks to all of our incredible sponsors (clients, vendors, neighbors, friends, business associates and more), volunteers and supporters who show up every year to make this event a success in the fight against breast cancer.

Seen on the streets of DC, a Smart Car with EagleBank logo on back...nice to have a customer proud enough to mention us on his car! Compliments of Commercial Loan Officer Scott Kinlaw.

Branch News

We plan to open a branch on 7th Street, NW in the Penn Quarter/Gallery Place section of Washington, DC. Formerly an OBA Bank branch, we look forward to welcoming some new customers from this area and offering our current customers a new, hot downtown location.

We have also entered into a lease agreement for new branches in Rosslyn and Ballston, VA, which will be our 2nd and 3rd branches in Northern Virginia. More to come as these great locations officially open in the second quarter of 2011.

We recently closed our 1725 Eye Street office and combined it with the nearby 2001 K Street Office...which is also near our McPherson Square office at 1425 K Street, NW. Also moving to the K Street office is our Commercial Deposit Services Department. (See article and photo bottom of column.)

Paul Companies, the Bank's team of volunteers raised over \$13,500 and came in 2nd place for its group fundraising efforts.

Meet Our Commercial Deposit Services Department

Formerly located on Eye Street, but now residing at our 2001 K Street Office (5th floor)....this group of "super service" bankers pays special attention to our valuable commercial clients. Leading this group is Susan Schumacher. With her staff of experienced, professional bankers, they make sure our customers don't even have to ask when they have additional needs. They provide the service after the sale that so many organizations stash away on a top shelf. A customer-in-hand, at EagleBank, is a relationship that can be enriched with proper care and constant attention. Great relationships build great clients and great banks. That's what Susan and her team are all about.

Taste of Friendship Heights

Another pretty October day and another group of EagleBank community volunteers gave up their Saturday to help sell food tickets for the Taste of Friendship Heights, near our Chevy Chase branch location. They not only encouraged ticket sales for tasting the

wonderful delights of area restaurants, but they also invited ticket buyers to visit the EagleBank branch across from the Friendship Heights Metro at 15 Wisconsin Circle. This event grows larger and more popular every year.
