${ }^{* * *}$ Interest is compounded Daily. A penalty may be imposed for early withdrawal. The annual percentage yields listed above assume interest is credited monthly and remains on deposit until maturity. A withdrawal of interest will reduce earnings. The interest rate and corresponding annual percentage yield will be paid for the full term of the account for fixed rate Certificates of Deposit. Rates are subject to change without notice.

1 With a 9-Month, Risk-Free CD after the first six days, we allow one penalty-free withdrawal during the term. Any withdrawal subsequent to the one penalty-free withdrawal will incur a penalty equal to three months' interest.

2 If our rate goes up on the "One-Up" CD, you may request that we raise your rate to that same new rate, one time, during the initial term of the CD. You will earn the higher rate for the rest of the term.

Deposit placement through CDARS is subject to the terms, conditions, and disclosures in applicable agreements. Although deposits are placed in increments that do not exceed the FDIC standard maximum deposit insurance amount ("SMDIA") at any one destination bank, a depositor's balances at the institution that places deposits may exceed the SMDIA (e.g., before settlement for deposits or after settlement for withdrawals) or be uninsured (if the placing institution is not an insured bank). The depositor must make any necessary arrangements to protect such balances consistent with applicable law and must determine whether placement through CDARS satisfies any restrictions on its deposits. ICS is a service mark of IntraFi Network ${ }^{\text {SM }}$.
